"I highly recommend IRS for their consistent, high quality, competent and caring service with staff that make the extra effort to provide the patient with the optimum result."

Referring Physician, Kelowna

"I was treated for Sleep Apnea and over the past two years I have been privileged to get to know the staff at IRS very well. The care and professionalism I received has exceeded my every expectation. From the moment I walked in the door I knew that I was in a very special place. The staff at IRS are friendly and personable and they care about others. Everyone at IRS has always treated me with respect, compassion and dignity. I have a brand new life now. My treatment is ongoing and my health continues to improve."

JJ, Vernon

"Just a note to thank you and your associates for all the help with my transition to using a CPAP. You were most patient in helping me to understand how to use this machine. Everyone at your office was very professional and helpful. Again Thanks."

GB, Vernon

"CPAP changed my life completely. I am more rested and have increased energy. I was very happy with your service, encouragement and follow-up. The friendliness and support of your office staff was instrumental in the success of my therapy."

VN, Trail

"The service at IRS was great, the Therapist was understanding and efficient. The appointments were on time and I did not have to wait long to be seen."
